TECHNOLOGY AND DESIGN

Established in collaboration with MIT

SUTD Open House
8 & 9 March

Register at www.sutd.edu.sg for our
talks and design workshops.

Admissions now open.

“AN SUTD INTERNSHIP AT ROLLS-ROYCE GIVES MY FUTURE CAREER A BOOST.”

Felicia Choo
Intern at Rolls-Royce

It was an enriching experience to work behind the scenes of a world-leading manufacturer of aero engines. I assisted engineers in ensuring the safety and reliability of Rolls-Royce engines by the application of non-destructive evaluation, specialist forensic engineering investigation and materials science.

A BETTER WORLD BY DESIGN
